2025-2026 DISTRICT MOTTO
LUX IN TENEBRIS

"Light from Darkness" in Freemasonry encapsulates the spiritual journey of personal transformation—from ignorance and moral imperfection (darkness) to knowledge, wisdom, and virtue (light). It symbolizes the journey of the soul, the intellectual and moral development of the individual, and the discovery of universal truths. Through this lens, Freemasonry teaches that enlightenment is not a destination but a process of continuous growth and seeking.

In essence, light is the goal, but darkness is the starting point—and the journey between them defines our Masonic path.
